Q.2 To what extent do you agree or disagree with the following statements?

Summary

Base: All respondents

	Statements					
	I am more likely to buy products and services from companies that actively employ ex-offenders	I am aware of organisations that actively employ ex-offenders	Prison should prepare offenders for employment	It is important that employers check potential employees for past convictions during the recruitment process	Some offences (e.g. sexual or violent) should prevent people from gaining employment	I would be uncomfortable working with or regularly doing business with someone who I knew had a criminal conviction
