METHODOLOGY

ComRes interviewed 2,025 GB adults online between 10th and 11th July 2019. Data were weighted to be demographically representative of all GB adults by age, gender, region and social grade. Voting intention questions were also weighted by past vote recall and likelihood to vote. All other questions were also weighted by past vote in 2016 EU Referendum. ComRes is a member of the British Polling Council and abides by its rules.

Q.7 The Labour Party this week have said that the next Prime Minister should put the Brexit process back to the people in the form of another referendum and that they would campaign for Remain in those circumstances. They have not said what they would do if they won a General Election and were in charge of the Brexit process.To what extent does this make you more or less likely to vote Labour at the next General Election?
