METHODOLOGY

Methodology: Savanta ComRes interviewed 2,022 British adults online from the 11th- 12th November 2019. Data were weighted to be demographically representative of all GB adults. All questions were also weighted by 2017 past vote recall and EU Referendum past vote. Voting Intention is also weighted by likelihood to vote. Savanta ComRes is a member of the British Polling Council and abides by its rules. Full tables at **www.comresglobal.com**

Summary table

		Boris Johnson's Brexit deal may not be perfect but I would support adopting it in order to sort Brexit	I feel I have a good understanding of the Labour Party's Brexit policy	I feel I have a good understanding of the Conservative Party's Brexit policy	I feel I have a good understanding of the Liberal Democrat Party's Brexit policy	I feel I have a good understanding of the Brexit Party's Brexit policy	Jeremy Corbyn's failure to tackle anti-Semitism within his own party shows he is unfit to be Prime Minister	Nigel Farage should not stand Brexit Party candidates in any seats at this election, rather than just those that are currently held by the Conservatives	I would prefer a Conservative-led Government after next month's election	I would prefer a Labour-led Government after next month's election
