	Statements							
	The United Kingdom remaining united is very important to me	The people of Scotland should be given a second referendum on Scottish independence	The rest of the UK would be better off if Scotland voted for independence	There should be a 'border poll' in Northern Ireland and the Republic on the unification of Ireland	The rest of the UK would be better off if Northern Ireland voted to unify with the Republic of Ireland	A Sinn Fein government in the Republic of Ireland is dangerous for the United Kingdom	The people of England should be given a referendum on English independence from the rest of the United Kingdom	I would consider myself British over English/Welsh/Scottish/Irish/Other
